Information and Records Retention Policy

May 2018

Contents

Introduction 2

Introduction

1. This policy sets out a structured approach to reviewing and destroying records in relation to Bright Tribe and Adventure Learning Academy Trust (the **Trust**).
2. The retention period for each type of record is shown in the table below. In addition, data protection legislation makes it unlawful to keep the information when it is no longer needed for the purpose for which it is held. This requirement is uncertain and allows discretion and may vary according to the circumstances, but in practice it means that the Trust and schools should promptly destroy the record once the retention period in the table below has been reached. Occasionally there may be special circumstances which mean that a record should be kept for longer (for example where there is a risk of litigation or a request from an outside body such as the Independent Inquiry into Child Sexual Abuse (IICSA) see below).
3. Information must be securely deleted. This applies to paper records, electronic information and biometric information.
4. This policy does not apply to records connected with commercial activities.
5. If an email falls into one of the categories set out in the table then it should be filed centrally as soon as is reasonable.
6. "Routine" emails which do not fall into any of the categories in the table may be kept in inboxes for up to six months and should then be deleted. An example of a routine email is an internal email advising staff that the weekly meeting is cancelled.
7. Independent Inquiry into Child Sexual Abuse (**IICSA**):
 - The IICSA has issued retention instructions to a range of institutions regarding records relating to the care of children. In light of this, we are advising schools to temporarily cease the routine destruction of those records which might be relevant to the Inquiry in case they are requested by the Inquiry or made subject to a disclosure order. This means that before destroying **any** document the Trust and school should consider if it contains information that may fall within the Inquiry's remit.

5.2	Single central register (SCR)	There is no legal requirement to keep the SCR entry for staff who have left as it ceases to be relevant for inspection purposes. If so, these reasons must be documented. If not SHRED/DELETE	No

		<p>personnel file instead and retain that in accordance with their retention policy. As there is no statutory requirement to keep this information in this form it should only be kept for as long as is necessary. As it ceases to be relevant for inspection purposes the school should consider and document why it is necessary to keep it for a particular length of time. Should the school be notified of a historic abuse claim or should a former member of staff commit offences elsewhere the school may need to demonstrate that it carried out all required checks prior to work starting, when they were carried and out and by whom. This information could also be requested in relation to the IICSA. As a consequence, best advice is to retain the SCR entry for each former member of staff indefinitely either on an archive SCR or within the personnel file.</p>

This is often difficult to evidence in an employment context owing to the imbalance in the relationship between the Trust and the employee. Therefore, the Trust should be very careful before asking employees to consent to their data being used in a particular way. In the vast majority of cases it is not necessary to</p>	<p>SHRED/DELETE</p>	<p>Yes</p>
